

TERRY FARRELL

The Terry Farrell Firefighters Fund was established in memory of Terry Farrell, a decorated member of Rescue 4/FDNY and Chief of the Dix Hills Volunteer Fire Department. Terry, along with 342 of his brothers, perished on September 11, 2001 in the World Trade Center attack.

Our Fund is here to assist firefighters and their families with educational, medical and equipment needs.

Every 3 days, on average a firefighter gives their life to protect us. Every few minutes another firefighter is seriously injured. The Fund is here to support the families of those firefighters when the need arises.

We support the firefighters who serve our communities.

SPECIAL GRANT PROGRAM

Special grants are available to firefighters and their families across the nation. These grants are given out throughout the year based on need shown by the requesting family. Some of the examples are for special education, emergency medical assistance, line of duty death, illness of the firefighter, illness of the child of a firefighter.

SURPLUS EQUIPMENT PROGRAM

The Terry Farrell Firefighters Fund has established a "surplus equipment program" whereby we collect good usable fire equipment and gear from departments and distribute collected equipment and gear to those departments, such as rural departments, lacking the tax base to buy needed clothing and equipment. We have successfully given out turnout gear, hoses, helmets and vehicles to many departments across the Country. There is never a cost to the receiving department. All request for surplus must be submitted in writing directly to a Chapter or the National Office.

ANSWER THE CALL

Our Fund operates on an annual budget of 1 to 3%. We have NO paid staff, and all of our members are firefighters and family members who volunteer to make the lives of brother & sister firefighters better. We are a 501c3 exempt organization.

Without your help and support we will cease to exist.

HARD TO REFUSE

The Terry Farrell Firefighters Fund was established to support the needs of firefighters and their families across this Nation. We try hard never to refuse any request for aid. This can only be accomplished with the continued support of individuals and corporations who believe in what we do.

HELP SUPPORT THE FUND

We are in need of corporate sponsors who will benefit from a National Organization that has the ability to supply a volunteer sales force who can promote our sponsors at every opportunity and every event.

We need fire departments to assist with donating surplus equipment and apparatus to help those departments who lack financial resources to properly safeguard their members.

We need all brother firefighters to help get the word out.

Help us to help those who do so much for all of us. Send a donation. Hold a fund raiser. Volunteer.

Please Help. Terry did...won't You?
