

The Terry Farrell Firefighters Fund was established in 2002 to assist the firefighters across the Nation with Professional, Educational & Personal needs. To date we have given out over \$400,000.00 directly to the families of firefighters.

- Our programs include Scholarships for Vocational & Parochial Education at all levels and age groups pertaining to the children of firefighters.
- Assisting firefighters and their families during times of Medical Emergencies.
- Assisting Fire Departments with the Purchase of needed Equipment.
- Giving needed Support to returning combat Troops & Marines and their families in the form of Transportation and Medical grants.
- We act as a Surplus Warehouse for donated Surplus Fire Service Equipment from Departments across Long Island and get good usable gear, tools and equipment to those Departments in Upstate New York requesting such help.
- We provide our trucks for use by retired FDNY members for Funeral; for All Fire Parades and Fire Tournaments; to assist with transportation of injured firefighters for medical treatment and at any and all large Fire Service gatherings where a Service Vehicle may be needed.

Who Are We?

The Terry Farrell Firefighters Fund was established after 9/11/01 in memory of Terry Farrell, killed while serving with Rescue 4/FDNY & past Chief of the Hicksville and Dix Hills Fire Departments. The fund supports the families of firefighters across the United States with Educational & Financial Grants.

What We Do...

The Fund to date has given out over \$400,000 to the families of firefighters nationwide:

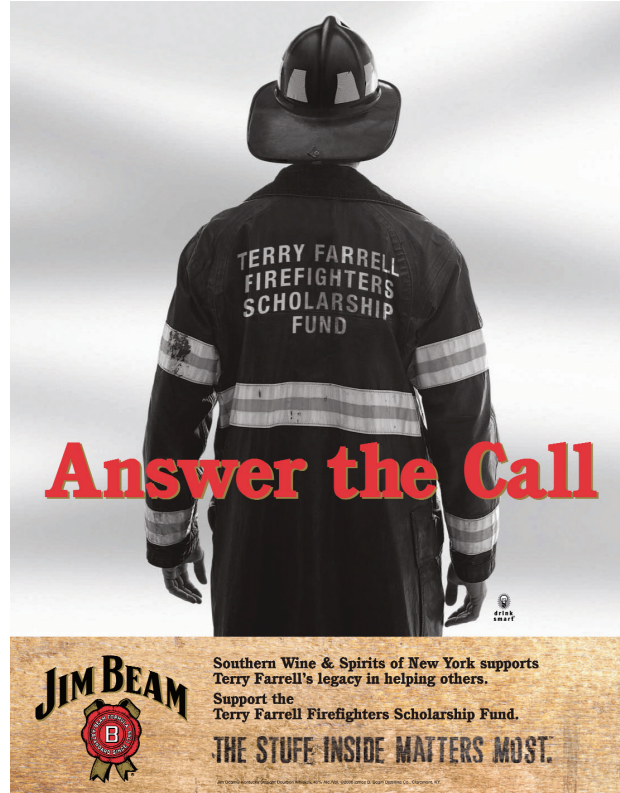

- We grant scholarships to the children of FDNY and Long Island Volunteer Department Members.
- We assist with financial needs of firefighters in times of medical emergencies. Such assistance is available to firefighters nationwide.
- We provide Cardiac Defibrillators to Educational Institutions showing need.
- We collect and supply rural Fire Departments with surplus equipment and apparatus donated from Long Island Departments.
- We set-up and sponsor Blood and Bone marrow collections to assist with matching Donors and Cancer Victims nationwide.

What We Need...

- Surplus Equipment to donate to those departments outside of Long Island in need of firefighting clothing, apparatus and tools.
- A used Vehicle, such as a Chief's Car, to be used by the Fund to assist firefighters with medical treatments, delivery of surplus equipment and for attendance at functions across New York, New Jersey and Connecticut.
- Assistance with Fundraising, such as holding or sponsoring fundraising events or volunteers to work at such events.
